## Progress continues on Our New Facility

God is SO GOOD! Even though there's much left to be done, much has been done. We have 'elves' who come in after hours to clean things up (thanks, Kennetha & Chuck!) and skilled volunteers to work wherever needed most (thanks Bob!) And our fearless leader who practically lives at the site (thanks, Shawn!) and don't forget our chairman—working with contractors and keeping us on task (yeah, Laird!) And the Paint Crew and the cooks..and the list goes on and on..... What a great time of fellowship!

Our BLOG on the web will keep you updated on the activities of our new facility. Tonya has done a great job keeping us informed. Thanks, Tonya!

## STARS (young teen girls)

About 2 years ago the Lord really laid on my heart the next generation of young women. While my heart was breaking for them, and becoming more aware of the depth of the deception and darkness that they face, I couldn't figure how I could impact their lives for Christ. My mom was listening to a radio show and, knowing what my heart's desire was, she gave me the information and a book called "Lies Young Women Believe". I went to the book store immediately and got it. As I was thumbing through it, I realized that I had believed a lot of lies too, so I picked up the adult version, read it and that led me to the women's Bible study that I led last winter.

Now, the Lord has opened the door for me to take this journey again: this time with five beautiful young women. The Lord will be taking them on nine weeks of intense Bible study and personal application. They will be introduced to Truth in the book and challenged to accept it and change. I have been given the awesome and amazing privilege to walk along side of them. Titus 2:3-4 tells me that the older women are to be teachers of good things, and to teach the younger. While I don't like to think of myself as 20+ years older than them, I'm grateful that I've been entrusted to do this. I don't take this responsibility lightly.

We met for the first time at my home on October 14 and with four of them in attendance, I explained the study, had them complete questionnaires, sign a covenant with the group, and they all accepted the challenge and are really looking forward to learning more and leaning more on God. I ask that you please pray for all of us. I know that this will be a turning point in their lives. When God becomes real in your life, life becomes real. John 8:32 says, "You will know the truth and the truth will set you free." This can lead to some serious freedom in Christ. So please help by covering us in prayer.

For the Stars, Tonya DeJong

PS. Thank you, Goodtime Fellowship, in your support by purchasing our books. It really lets the Stars know that you are behind them!!

## Our Church Office

The parsonage at 506 W. Maple has been designated our temporary office. It is working quite well. In addition all the NsFcc small group ministries are meeting in the living room each week.

## Children's Church (3years through 9 years old)

Kerri's got things going again after a month off! The third Sunday will continue to be FAMILY DAY when the children stay in the sanctuary with their parents. Tonya will be bringing us Kid's Corner before the message this Sunday.

## Friends and family

What a blessing it's been to NsFCC to enjoy the fellowship (and facilities) of the Friends family. Special thanks to Wilma Talbert for picking up after all the family!
